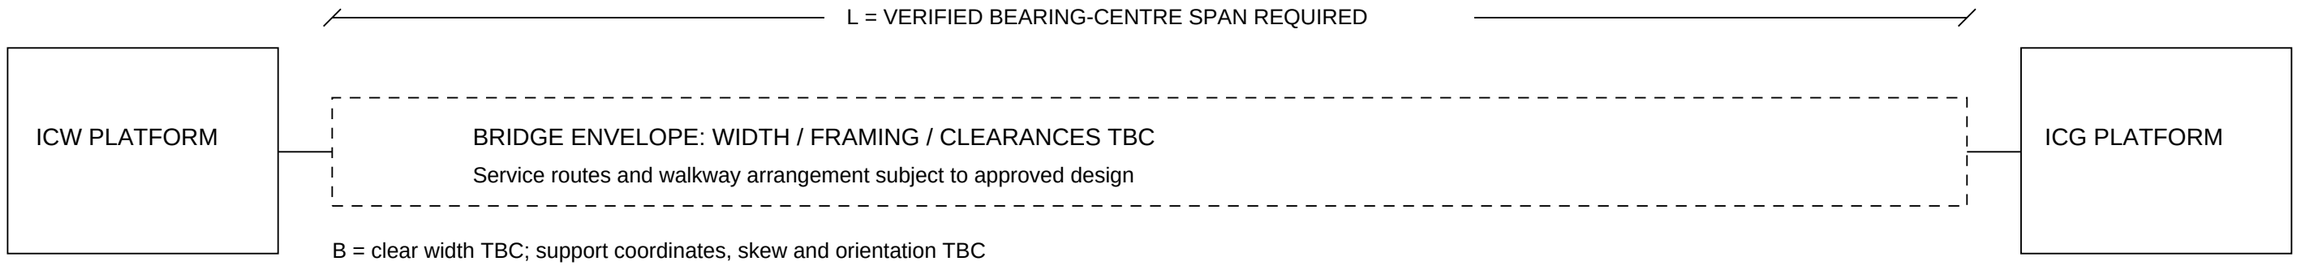
SHIVANSH / ONGC BRRP | REPLACEMENT BRIDGE DRAWING BASIS

ICW - ICG LOWER DECK

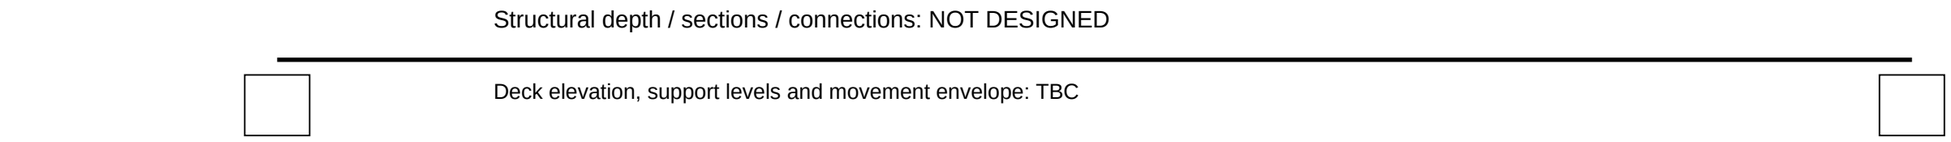
SOURCE-BASED SCHEMATIC ONLY | NOT TO SCALE | NOT FOR DESIGN, FABRICATION OR INSTALLATION

No structural sizing, connection design or site dimensions have been inferred.

A. FUNCTIONAL PLAN - GEOMETRY AND MEMBER ARRANGEMENT NOT ESTABLISHED



B. SUPPORT-INTERFACE SCHEMATIC - NOT AN ANALYSIS OR BEARING DETAIL



F/S labels identify SOW support intent only; DOFs, guides, uplift restraints and travel are not assigned.

C. BRIDGE-SPECIFIC SCOPE / ENGINEERING QUERIES

1. ICW landing modifications / extension: -0002 / -0003.
2. ICG landing modifications / extension: -0004 / -0005.
3. Include applicable ICG jacket strengthening from structural addendum.
4. SOW 6.1.3(e) calls the ICG-side work ICW strengthening: query location.

D. INPUTS NEEDED: controlling tender drawings; dimensional survey; design criteria; loads; existing structure data; material specifications; corrosion assessment; service loads; checked model; approved marine and temporary-work basis.

Proposed document ID: SHV-BRRP-101-SK-001 | Rev P0 | 25 Oct 2026

SOW reference: B774-000-83-43-SOW-0001 Rev C, 6.1.1(c)-(d); uploaded PDF page(s) 42

Tender register identifies B774-101-83-43-0001; narrative cites -83-41-0001. Drawing identity requires clarification.

Prepared as a source-review aid. No professional approval, construction release or calculated adequacy is implied.

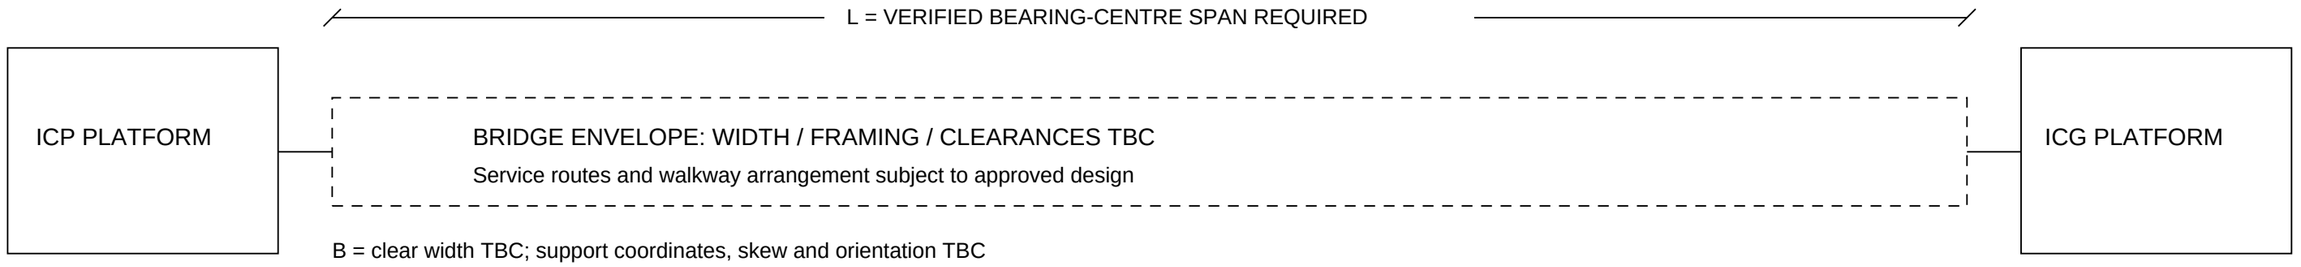
SHIVANSH / ONGC BRRP | REPLACEMENT BRIDGE DRAWING BASIS

ICP - ICG LOWER DECK

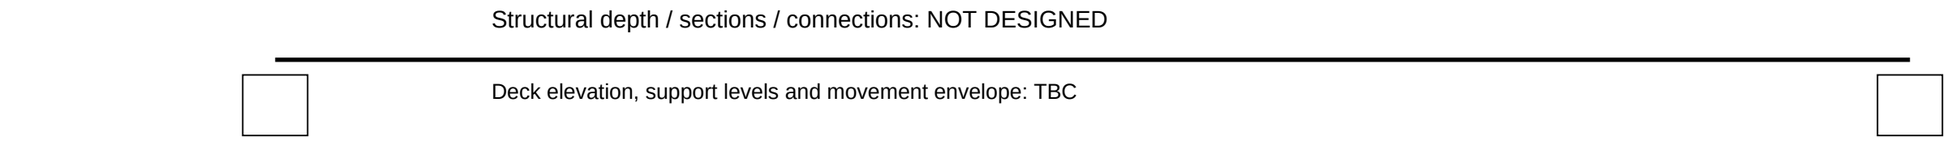
SOURCE-BASED SCHEMATIC ONLY | NOT TO SCALE | NOT FOR DESIGN, FABRICATION OR INSTALLATION

No structural sizing, connection design or site dimensions have been inferred.

A. FUNCTIONAL PLAN - GEOMETRY AND MEMBER ARRANGEMENT NOT ESTABLISHED



B. SUPPORT-INTERFACE SCHEMATIC - NOT AN ANALYSIS OR BEARING DETAIL



F/S labels identify SOW support intent only; DOFs, guides, uplift restraints and travel are not assigned.

C. BRIDGE-SPECIFIC SCOPE / ENGINEERING QUERIES

1. ICP landing modifications / extension: -0002 / -0003.
2. ICG landing modifications / extension: -0004 / -0005.
3. Include applicable ICP and ICG jacket strengthening from addendum.
4. Existing platform capacity, corrosion and reactions require verification.

D. INPUTS NEEDED: controlling tender drawings; dimensional survey; design criteria; loads; existing structure data; material specifications; corrosion assessment; service loads; checked model; approved marine and temporary-work basis.

Proposed document ID: SHV-BRRP-102-SK-001 | Rev P0 | 25 Oct 2026

SOW reference: B774-000-83-43-SOW-0001 Rev C, 6.2.1(c)-(d); uploaded PDF page(s) 44

Tender register identifies B774-102-83-43-0001; narrative cites -83-41-0001. Drawing identity requires clarification.

Prepared as a source-review aid. No professional approval, construction release or calculated adequacy is implied.

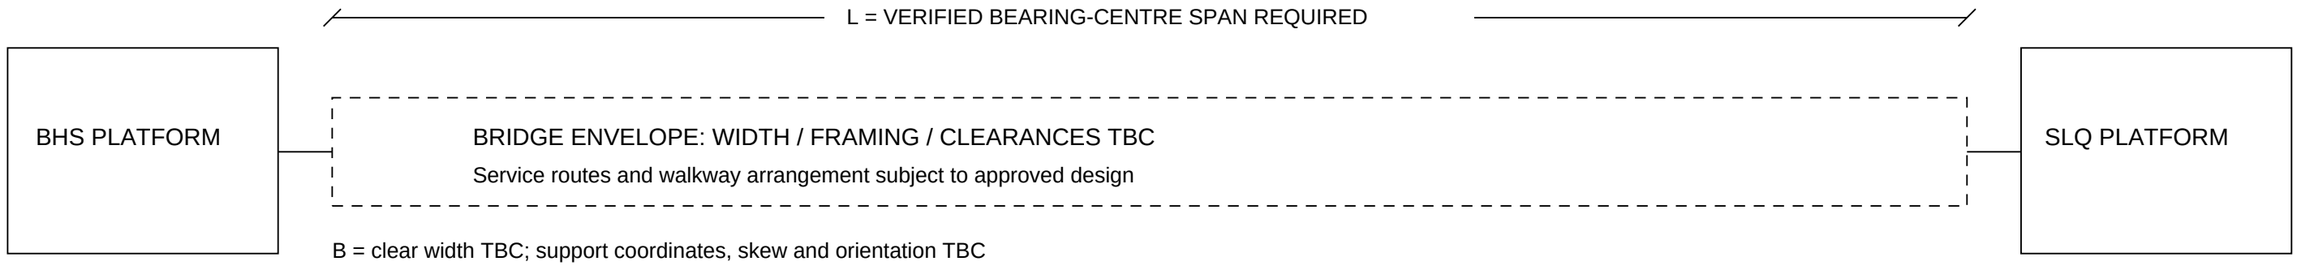
SHIVANSH / ONGC BRRP | REPLACEMENT BRIDGE DRAWING BASIS

BHS - SLQ LOWER DECK

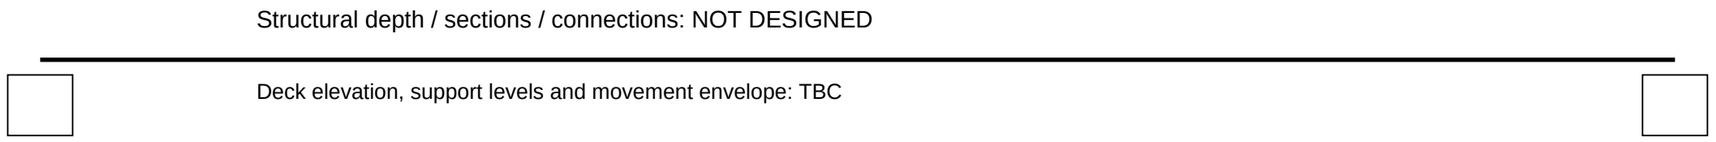
SOURCE-BASED SCHEMATIC ONLY | NOT TO SCALE | NOT FOR DESIGN, FABRICATION OR INSTALLATION

No structural sizing, connection design or site dimensions have been inferred.

A. FUNCTIONAL PLAN - GEOMETRY AND MEMBER ARRANGEMENT NOT ESTABLISHED



B. SUPPORT-INTERFACE SCHEMATIC - NOT AN ANALYSIS OR BEARING DETAIL



BHS: S: SLIDING (SOW)

SLQ: TYPE UNRESOLVED - QUERY

F/S labels identify SOW support intent only; DOFs, guides, uplift restraints and travel are not assigned.

C. BRIDGE-SPECIFIC SCOPE / ENGINEERING QUERIES

1. SOW 6.3.1(c) says SLQ fixed; 6.3.3(f) says sliding: resolve before analysis.
2. BHS / SLQ landing modifications and extensions: -0002 through -0005.
3. Include piping/cables, cladding/roofing and applicable lifeboat interfaces.
4. New bridge and services accepted before existing bridge demolition.

D. INPUTS NEEDED: controlling tender drawings; dimensional survey; design criteria; loads; existing structure data; material specifications; corrosion assessment; service loads; checked model; approved marine and temporary-work basis.

Proposed document ID: SHV-BRRP-103-SK-001 | Rev P0 | 25 Oct 2026

SOW reference: B774-000-83-43-SOW-0001 Rev C, 6.3.1(c)-(d); 6.3.3(f); uploaded PDF page(s) 45-48

Tender register identifies B774-103-83-43-0001; narrative cites -83-41-0001. Drawing identity requires clarification.

Prepared as a source-review aid. No professional approval, construction release or calculated adequacy is implied.
